#### BRITISH ENERGY GROUP PLC - PAY NEGOTIATIONS

British Energy confirms that it has now received formal notice from its trade unions which they have indicated may lead to strike action.

The Advisory and Arbitration Conciliation Service (ACAS) has offered its service to both British Energy and the respective Trades Unions to assist in reaching a solution. British Energy has welcomed this move and has accepted the potential involvement of ACAS.

In all circumstances, British Energy and the Trades Unions will ensure that safety procedures are adhered to and that there will be no risk to the public or employees.

#### APPOINTMENT OF CLARE SPOTTISWOODE, CBE, AS NON EXECUTIVE DIRECTOR

British Energy announced today that Clare Spottiswoode has been appointed a non-Executive Director of the Company with effect from 1 December 2001. Clare Spottiswoode was Director General of Ofgas from 1993 to 1998 and brings with her a wealth of experience of the UK energy market and the interaction between Government, Regulators and private sector companies.

Robin Jeffrey, Executive Chairman of British Energy, said "I am delighted that Clare is joining the British Energy Board, further strengthening our top team. Clare knows the energy scene inside out and is one of the most experienced people in the UK in energy regulation."

This follows new executive director appointments to the Board in September - Keith Lough as Finance Director, Duncan Hawthorne, Chief Executive of Bruce Power and President of AmerGen, and David Gilchrist, MD of UK Generation.

Clare Spottiswoode said "I'm very pleased to be joining the board of British Energy at this crucial point in the company's development, for two reasons. Firstly, decisions need to be taken soon on the potential for replacing the UK's existing nuclear stations with a new generation of nuclear power stations - and I'd very much like to be part of that. Secondly, British Energy is now an International Energy Company, with real opportunities to develop its business, particularly in North America. I'm joining at a very exciting time."

BRITISH ENERGY GROUP PLC - PROPOSED PAY DEAL

British Energy is pleased to announce that the following joint statement has been issued by the Company and the Trades Unions

"Today the Company and the Trades Unions have reached an agreed position which should settle their pay dispute. It can be confirmed that the Trades Unions are extending the deadline for the commencement of industrial action whilst a consultative ballot is held.

The Trades Unions and the Company have agreed to enter into a constructive dialogue in order to establish on a timely basis a New Agreement involving staff covered by the existing collective bargaining arrangements within the UK Generation business in British Energy. This will be facilitated by ACAS.

In reaching the agreed position, the Company and the Trades Unions were mindful of the need to work constructively together for the future to address the challenges facing the business. "

The revised pay offer is 3% effective 1 July 2001 and British Energy is confident that staff will accept this offer in the ballot which will conclude on 7 December 2001.

# BRITISH ENERGY UK NUCLEAR GENERATION - OUTPUT STATEMENT

A summary of net output from British Energy's UK nuclear power stations in November is given in the table below, together with comparative data for the previous financial year:-

STATION	2000/01		2001/02	
	November TWh	Year to Date TWh	November TWh	Year to Date TWh
Hinkley Point B	0.74	5.44	0.78	6.16
Hunterston B	0.44	4.75	0.79	6.53
Dungeness B	0.43	1.50	0.35	3.67
Heysham 1	0.69	5.68	0.44	5.23
Hartlepool	0.67	5.77	0.82	5.74
Torness	0.76	4.99	0.74	5.35
Heysham 2	0.78	6.65	0.86	5.59
Sizewell B	0.82	5.07	0.85	5.78
Total Output (NETA basis)	5.33	39.85	5.63	44.05
Load Factor	77%	71%	82%	79%
Total Output (pre-NETA basis)	5.42	40.54	5.72	44.65

## Planned Outages

- \* A refuelling outage was carried out on one unit at Dungeness B and a refuelling outage was started on one unit at Hartlepool.
- \* Low load refuelling was carried out on both reactors at Hinkley Point B and Heysham 2 and on one reactor at Torness.

## Unplanned Outages

- \* An outage was undertaken on one unit at Heysham 1 to carry out a generator repair.
